The Lincoln News comments on the banquet as follows:

Nebraska university graduates in Omaha are displaying spirit of loyalty that Cornhusker grads in general could well afford to duplicate. On Wednesday 18th, January 8, the members of the Cornhusker foot ball squad are to be banquetted by the Omaha alumni, while high school players from all sections of the state have been invited to participate in the feast. The idea is to link the high schools and the university in a bond that will assure the Cornhusker institution the athletic material from its home state to which it is entitled. The movement means much to Nebraska athletics. Give the Cornhuskers the plok of the statletes from the high schools of Nebraska and the scarlet and the cream at once would take rank with Michigan and Minnesota in intercollegiate circles and stay there for all time. Can anybody question the desirability of such a consummation?

## Ad Club Votes to Boost for Charity Wrestling Tourney

The charity wrestling carnival for the benefit of the City mission to be given at the Auditorium December 20, will receive active as well as moral support of the Omaha Ad club.

Peter Loch and J. M. Gillan of the committee promoting the carnival, talked before the club at the weekly meeting at the Henshaw hotel and asked the club for its support. In answer Charles A. Alden and Chairman Harry Kelly commended the action of the men promoting the carnival and declared their belief that the Ad club to a man would support it

The club had no special program for the meeting and general discussion on things beneficial to the club and the city was had. J. C. Johnson, who will leave Omaha to become sales manager of the Larkin company of Buffalo, made a farewell talk. How to Make Better Cough Syrup than You Can Buy

Family Supply, Saving \$3 and

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two on three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.
